

WHY LEARN WITH US

Taught to a real standard

Every course follows Paddle Canada skills, taught by instructors certified to teach sea kayaking.

Paddle Canada skills

Every course follows the Paddle Canada skills standard, from first strokes to rescues.

Certified instructors

Classes are taught by certified sea kayak instructors who know the waters off Victoria.

Trip planning included

Learn to read charts, tides and weather so you can plan your own paddling trips.

Welcoming to beginners

Courses start with the basics, so new paddlers can join with no experience on the water.

WHY WE TEACH

Skills before scenery

New paddlers in Victoria need more than a calm bay and a borrowed kayak. They need strokes, edging, rescues and a plan, taught properly, so the water stays a place they want to return to.

QUESTIONS BEFORE YOU START

What new paddlers ask

Do I need any experience to start?

No. Courses are built for new paddlers and start with the basics of paddle strokes before moving to rescues and trip planning.

What will I learn?

Paddle strokes, rescues and trip planning, following the Paddle Canada skills standard.

Who teaches the courses?

Certified sea kayak instructors teach every course.

HOW IT WORKS

Three steps onto the water

Start online, then put it into practice on the water in Victoria.

1. **Browse courses**
   See what's open on paddle strokes, rescues and trip planning.
2. **Enrol and prepare**
   Sign up online, then get ready to meet your instructor on the water.
3. **Learn on the water**
   Practise strokes, rescues and trip planning with a certified instructor, May to September.
