ARCHITECTURE STUDIO

We design how you live, not just where

Atelier North Architects designs houses, renovations and small commercial spaces across Toronto, built on natural light, honest materials and close attention to daily life.

01

A house built around how you live

We design custom homes for Toronto homeowners, from first sketch to final detail, with natural light and honest materials throughout.

Designed around your daily life

Site and light

We study the sun, the street and the lot before we draw a single wall.

Plans that fit your life

Room by room, we design around how your household actually lives.

Honest materials

Wood, stone and light chosen to age well and feel right underfoot.

Permit-ready drawings

Complete drawing sets prepared for City of Toronto permit and construction.

02

Grow your home without losing its character

We design renovations and additions for Toronto homeowners and developers

Why renovate with Atelier North

Licensed architects

Licensed by the Ontario Association of Architects, working to its standards on every renovation.

Award-recognized design

Toronto Urban Design Award 2022, for work that holds up in its neighbourhood.

Built on what's there

We study the existing structure before we design, so additions sit naturally on the original house.

Light and material first

Natural light and honest materials guide every renovation, not just the finishes.

03

Interiors shaped by light and daily life

We rework interiors for Toronto homes and small commercial spaces

What stands behind the design

OAA licensed

Licensed by the Ontario Association of Architects

Award-recognized design

Homeowners and developers

We work with both, across Toronto

Light-led design

Rooms planned around natural light and materials

Designed around how you live

Natural light

Rooms are planned around daylight, orientation and the way the Toronto seasons move through a site.

Honest materials

Material choices that age well and read clearly, with nothing applied and nothing hidden.

Licensed architects

Licensed by the Ontario Association of Architects, working to its standards of care.

Recognized design

Winner, Toronto Urban Design Award 2022.

OUR PROCESS

How we work together

1 **Initial conversation**
We meet to discuss your site

2 **Concept design**

3 **Drawings and permits**
We prepare construction drawings and coordinate permit submissions with the City of Toronto, working alongside your contractor.

4 **Construction support**
We stay involved through construction, visiting site and answering questions, so the built work matches the drawings.
