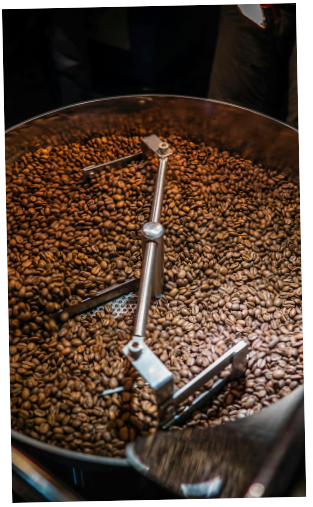
Ritual Coffee Roasters



SPECIALTY COFFEE ROASTERS, COLLINGWOOD VIC

Direct-trade beans, roasted weekly in Collingwood

Ritual roasts specialty coffee on Smith Street, Collingwood, every Tuesday. We buy direct-trade green coffee, cup every batch before release, and ship within 48 hours — so the roast date on your bag is never far from the day you brew it. Direct trade means fewer middlemen between farm and roaster, and more say in what we bring home. It's slower work, but it means you can trust what's on the bag: origin, process and roast date.

From farm to cup, every Tuesday

A short journey from green coffee to your kitchen bench.

We buy green coffee direct from growing partners, then roast it in small batches every Tuesday at our Smith Street roastery in Collingwood. Each bag ships within 48 hours, so the coffee in your cup is close to the day it was roasted.

We taste every batch before it goes out, and we're always happy to talk origin, process and brew method with home brewers across Melbourne.
