
Small-batch gin
and whiskey,
made right here
The Copper Still

SMALL-BATCH DISTILLERY,
CENTRAL EASTSIDE, PORTLAND

Distilled on site, in a copper pot still

We set up a still in Portland's Central Eastside because we wanted to taste every batch ourselves. Distilled on site, cut by hand, and poured for neighbors before it ever reaches a shelf.

01

One roof, five ways to visit

From the still to the shaker, everything happens on SE Water Avenue.

What We Do

Cocktail Bar

Cocktails built on the gin and whiskey we distill ourselves

Distillery Tours

Weekend tours through our copper pot still, Sat & Sun

Tasting Flights

Guided flights of gin, poured straight from the still

Bottle Shop

Take home the gin and whiskey you tasted at the bar

Made here, double gold

Distilled on site

Every gin and whiskey we pour is distilled on site in our copper pot still.

Double gold, 2024

Our spirits won double gold at the San Francisco World Spirits Competition, 2024.

HOW IT WORKS
