Kew Beach
Tennis Club

Six clay courts. One welcoming club

Kew Beach Tennis Club brings together players of every level for coaching, leagues and social tennis on courts maintained daily, every day from May to October.

01

Our six clay courts are maintained daily and open every day, 7am to 10pm, May to October, for members of every level.

What playing on clay feels like

True clay play

A slower, truer bounce that favours long rallies and is easier on the joints than hard courts.

Maintained daily

Our grounds team rolls, waters and lines all six courts every day the club is open.

Every level welcome

First-time players and competitive members share the same six courts throughout the season.

Six courts, one site

Six clay courts at 1 Lee Ave give members room to play, practise and watch.

02

Coaching for every level, on clay

From first swings to match play, our coaches work with juniors and adults on six clay courts.

Instruction built on certified coaching

Certified junior coaches

Our junior program is run by certified coaches, for players learning the game from the start.

Courts maintained daily
