HANDMADE STONEWARE

Stoneware thrown by hand in Asheville, *NC*

Moss & Clay Ceramics began as a small studio in Asheville's River Arts District, where each piece is still thrown, trimmed and glazed by hand in small batches. Nothing leaves the kiln until it is right.

Clay, time, and *patience*

In our River Arts District studio, each piece is thrown on the wheel, trimmed, and glazed by hand — no two exactly alike.

01

Shop by *collection*
