

A GUIDE FROM IRONBARK ROOFING

THREE STEPS TO A ROOF THAT'S SORTED

From first call to finished roof, here's what happens.

Ironbark Roofing

ROOFING DONE PROPERLY, SINCE 1998

03

A roof built to last

Roof restoration, repointing and leak repairs for homes across Melbourne's eastern suburbs, finished with a written workmanship warranty.

05

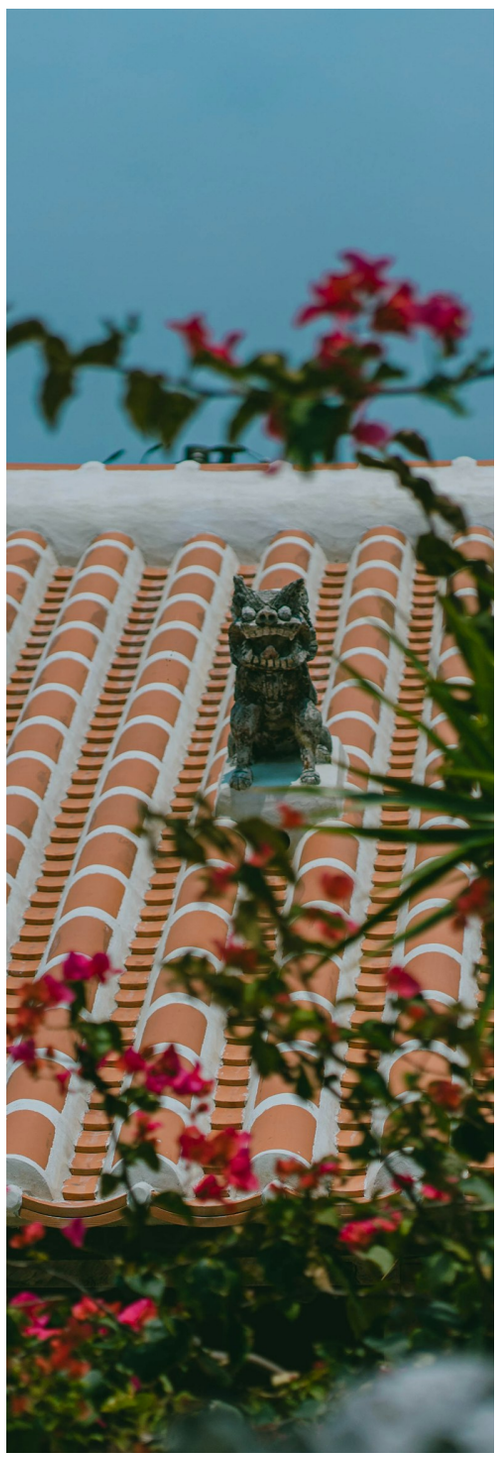
Roofs built to last

New Colorbond metal roofs for homes and properties across the eastern suburbs, fitted by our own crews and backed by a 10-year written warranty.

07

Gutter replacement that stops overflow for good

New gutters and downpipes, fitted by Melbourne's eastern suburbs' family roofers since 1998.



01

A ROOF BUILT TO LAST

Roof restoration, repointing and leak repairs for homes across Melbourne's eastern suburbs, finished with a written workmanship warranty.

WHAT'S INCLUDED IN YOUR RESTORATION

Tile repointing & bedding

We remove broken bedding and repoint ridge capping so your tiles sit tight again.

High-build roof coating

A protective membrane seals and recolours your roof, built to last against Melbourne weather.

Leak and valley repairs

Cracked flashings and failed valleys are fixed before any coating goes on.

Gutter clean & check

We clear gutters and check downpipes so water actually leaves your roof.

02

ROOFS BUILT TO LAST

New Colorbond metal roofs for homes and properties across the eastern suburbs, fitted by our own crews and backed by a 10-year written warranty.

WHAT A FULL METAL RE-ROOF COVERS

Old roof removed

We strip the existing roof back to the frame and check the timber and battens before anything new goes on.

New metal sheeting fitted

Colorbond steel sheeting installed by our own crews, built to shed Melbourne's heaviest downpours.

Flashings and capping done right

Ridge capping, valleys and flashings sealed properly, the details that stop leaks years down the track.

Written warranty on completion

Every re-roof finished with a 10-year written workmanship warranty, not just a handshake.

03

GUTTER REPLACEMENT THAT STOPS OVERFLOW FOR GOOD

New gutters and downpipes, fitted by Melbourne's eastern suburbs' family roofers since 1998.

GUTTERS DONE RIGHT, BACKED IN WRITING

10-year workmanship warranty

Every gutter and downpipe we install is covered by a written 10-year workmanship warranty.

Fully insured to $20 million

We carry $20 million in insurance, so your home or property is protected while we work.

WHY CHOOSE IRONBARK ROOFING

10-year written warranty

Every roof we finish comes with a 10-year written workmanship warranty, not a verbal promise.

Registered & insured

Registered domestic builder (roofing) and fully insured to $20 million, so the job is covered.

Local eastern suburbs crew

We work across Melbourne's eastern suburbs and know the roofs, weather and councils here.

Family business since 1998

Started in 1998 and still family-run, with the same crew standing behind every roof.

HOW IT WORKS

THREE STEPS TO A ROOF THAT'S SORTED

1

Book your inspection

Call 03 5550 2817 or request a free quote online.

2

We inspect and photograph

We check every part of your roof and photograph every problem we find.

3

Get your free quote

We explain what's needed in plain terms and give you a clear, free quote.

4

Roof done, warranty given

Our crew completes the work and backs it with a 10-year written warranty.

OUR WORK

COMPLETED ROOFS ACROSS THE EASTERN SUBURBS

Roof restoration

Metal re-roofing

Gutter replacement

GET YOUR ROOF SORTED BEFORE WINTER

Free inspection, photos of every problem, and a 10-year written warranty on every job.
