CUBA STREET, TE ARO, WELLINGTON

A calm, colour-led studio on Cuba *Street*

Studio Kin Hair was founded by Mia Thompson, who wanted a Wellington salon where colour correction and lived-in blondes could be done properly, without clients watching the clock. Every appointment is booked with room to talk through what you want, test the tone on a few strands and work it through slowly. It's why clients come back for their colour, not just their cut.
