Velvet & Vine Day Spa

A sanctuary among the vineyards of *Napa*

Velvet & Vine sits among the vineyards of Napa Valley, where afternoons slow down and the only agenda is your own. Here, massage, facials, body rituals and spa days unfold at an unhurried pace, in rooms that open to a garden pool and soaking tubs. Every treatment is given by a licensed massage therapist or esthetician, using organic products made locally. Couples share the Couples' suite, visitors give themselves a full spa day, and locals return for an hour of stillness, as often as they need it.
