

CRAFT DISTILLERY & COCKTAIL BAR

Small-batch gin and whiskey, made right here

We distill gin and whiskey on site in our copper pot still, then pour it next door in our cocktail bar.

The Copper Still

SMALL-BATCH DISTILLERY,
CENTRAL EASTSIDE, PORTLAND

Distilled on site, in a copper pot still

We set up a still in Portland's Central Eastside because we wanted to taste every batch ourselves. Distilled on site, cut by hand, and poured for neighbors before it ever reaches a shelf.

01

One roof, five ways to visit

From the still to the shaker, everything happens on SE Water Avenue.

What We Do

Cocktail Bar

Cocktails built on the gin and whiskey we distill ourselves

Distillery Tours

Weekend tours through our copper pot still, Sat & Sun

Tasting Flights

Guided flights of gin, poured straight from the still

Bottle Shop

Take home the gin and whiskey you tasted at the bar

WHY THE COPPER STILL

Made here, double gold

HOW IT WORKS

From booking to the bar

1

Pick your visit

Choose a table at the bar, a weekend tour, or both.

2

Book your spot

Reserve online or call us at (503) 555-0139.

3

Taste the still

Walk through our copper pot still, then taste what it makes, Sat & Sun at 1pm and 3pm.

4

Settle in

Pull up a stool at the bar, Wed–Sun 3pm–11pm, for cocktails made with spirits distilled right here.
