Fernwood Landscapes

Calm, planted gardens for Bristol and Bath homes

We design and build terraces, natural stone and generous borders for homeowners and architects across Bristol and Bath. Considered gardens, built to last.

- Over 200 gardens since 2011
- RHS Chelsea medal, 2024

OUR SERVICES

Fernwood Landscapes

Five ways we shape your garden

From the first plan to the last plant, one studio sees it through.

Garden design

Considered designs for terraces

Landscape build

Terraces, paths and planting built from your design, by our own build team.

Natural stone terraces

Terraces in natural stone, laid to sit calmly within the wider garden design.

Planting design

Borders and planting schemes chosen for year-round structure, colour and scent.

Garden lighting

Lighting designed into the garden from the start, for borders, paths and terraces.

HOW WE WORK

1

Consultation

We visit your garden in Bristol or Bath to talk through how you want to use it.

2

Design

We draw a planting and layout plan for your site, shaped around the house and light.

3

Build

Our team lays the stone, builds the structure and plants the borders.

4

Handover

We walk the finished garden with you, lit and planted, ready to use.
